Okay here are my comments, very few, great job!

I think my edits can all be taken, please leave the bubble in the preamble on page 5 related to MI program. We will fix when we hear from MI. But I want to flag for Mindy.

In the reg text, I simply put in what was there and made it redline strikeout so they could follow the changes. Also in response to Ruth's question about default, I moved where "default" is in the sentence and I think it works better.
